

Christ School

Parent Pledge

The health and safety of our community is our highest priority. Our ability to meet in person is entirely dependent on every member of the Christ School community doing their part to follow the guidelines to prevent the spread of COVID-19.

As a parent of a Christ School student, I (We) will do our part to keep the entire Greenie Community safe and healthy by:

1. I (We) will monitor my son for symptoms of COVID-19.
2. I (We) will keep my son home if he experiences any symptoms and report those symptoms to the Christ School Wellness Center.
3. I (We) understand that the resources of Christ School's Wellness Center are finite and I (We) will return to campus to bring our son home if he becomes ill and the school makes that request.
4. I (We) will read Christ School emails and regularly check the website for health and safety updates to procedures and protocols.
5. I (We) will participate in contact tracing if called for.
6. I (We) will adhere to isolation and quarantine instructions a member of our family tests positive for COVID-19, if I am presumed positive, or if I am exposed to someone who has tested positive.
7. I (We) ensure that my son follows all health guidelines.
8. I (We) will demonstrate social responsibility by following public health guidelines in local businesses and public spaces.
9. I (We) will support the Christ School community through compassion, care, and respect.
10. I (We) will seek assistance from the school to support our family and other members of the Christ School community during this challenging time.

I (We) understand that it takes all our efforts to create a robust and healthy environment for our sons to flourish in.

I (We) commit to doing our part this school year to assist Christ School's efforts in providing in-person learning for our sons.
